Profile

Hello! I am a young and motivated Python developer with a modern technology stack. Ready to use them in real projects. I am looking for an opportunity to develop in programming and inspire the team to achieve high quality code and innovative solutions.

Project experience

PYTHON

- Blackjack Game: Implemented a command-line Blackjack game in Python.
- Tic-Tac-Toe Game: Developed a Python-based Tic-Tac-Toe game.
- Hangman Game: Built a Hangman game using Python.

DJANGO

- Password Generator: Powered by Django to generate passwords.
- Personal Portfolio: Built a responsive portfolio website using Django.
- To-Do List: Developed a Django-based application for creating and managing to-do lists.
